Facts about Snowmobiling: As we begin the 2021-22 snowmobiling season, we thought you may be interested in the following facts while you are preparing to go ride this season:

1. Snowmobilers come in all ages. The average snowmobiler, however, is 45 years old.
2. The average snowmobile snowmobiler last season rode 1,500 miles. The number of miles ridden, on average, is dependent on snow cover, so we will see if Mother Nature brings us more days of snow for riding this season.
3. Many snowmobilers belong to a club and participate in many of their club's events. Clubs hold great riding events, great parties, and are made up of wonderful people that become great friends. Join a club and have a great time!
4. About 50% of the people that snowmobile, trailer their snowmobile to their riding area. The other 50% ride from their home or cabin.
5. Snowmobiling is a family friendly activity. Most of all those responding to surveys report that they snowmobile with family and with friends and with club members.
6. Snowmobilers are a big part of the winter economic engine by spending an average of \$3349 each year going snowmobiling, traveling to their snowmobiling spot, and food, gas, and lodging. In many places of North America, snowmobilers pay the bills for people involved in the Winter Tourism Industries and related businesses.
