**KAOS** is the youth group of the AWSC. KAOS stands for Kids and Adults on Sleds. Despite its acronym it is all about empowering the youth of the AWSC into discussion about the future of snowmobiling and getting them ready for future leadership positions in the AWSC foundation. They accept kids ages 14-18 as youth reps and from 18-21 as youth advisors. Each county gets 2 reps, but they will never turn down an application. However, each county only gets 2 votes no matter how many reps. They have several events to teach the youth leadership and to have fun they hold an annual snowmobile ride up north that is just the youth, and a few select chaperones. The program really does encourage responsibility and shows them that they are the future of the AWSC. I am our Dane County youth rep and have been for the past 3 years and hope to continue bringing the youth's opinion into decisions.
